Dedication

We, the annual staff of the 1966 Gopher, are proud to dedicate this annual to the community of Grenora.

We are fortunate to have grown up and lived in this friendly community. Without their help and their support our education would not have been possible. Keeping this in mind, we would like to thank and salute the community on their 50th Anniversary.

The fitting motto of Grenora is "Friendliness lives here; you'll be a stranger only once."

In Memoriam

We, the Gopher Staff of 1966, and the
entire school body of Grenora High, dedicate
this annual in fond memory of Delmer John
Storseth (1946-1965), son of Mr. and Mrs. John
Storseth of rural Grenora.

Delmer was an upperclassman whom we all
knew as a source of friendliness and fun. He
will always be remembered by his many friends
and schoolmates.

God Bless His Memory.

IN CONGRESS, JULY 4, 1776.

The unanimous Declaration of the thirteen united States

When in the course of human events it becomes necessary for one people to dissolve the political bands which have connected them with another and to assume among the powers of the earth the separate and equal station to which the laws of nature and of nature's God entitle them, it is their right to do this. We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are life, liberty and the pursuit of happiness. That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed. That whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles and organizing its power in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that nations long established in the same state, which they have enjoyed in quiet, should not be dissolved lightly; and that even when circumstances will justify it, it will require absolute proof before a change can be made.

We have experienced repeated injuries at the hands of those who are now oppressing us, and we have suffered a long time after such legislation to see the same thing repeated, although the legal administration of justice by refusing to afford a remedy to many of these wrongs. It has resulted in a disturbance in a time of peace, rendering our country without the benefit of our usual resources. The producing taxes by our own hands for the support of America, and the expense of maintaining a navy and for supplies, has been demanded by the Government, and the money raised by the tax of one thousand dollars.

It is submitted,

We the People,
unite,
